May 18, 1926.

Mr. Edward Fluellen Collier,
Menard County,
Hext, Tex.

My dear Cousin:

Enclosed find a copy of the family genealogy that I have compiled after about five years hard work and a cost of several thousand dollars, that I am sending to you and am completing as rapidly as possible. The last two or three generations or back to your father's and my grandfather.

As you have no children will you kindly write me the the date of your birth, in what State you were born, the date of your wife's birth, her maiden name, in what State she was born. I already have where you now live. If you have any children, kindly list them, the date of birth and where buried.

I am compiling a complete history of Robert Collier's trading and business records from the time he came from Oglethorpe to Upson County, Ga., and for your information I wish to say that he was one of the largest land operators of his time. These facts I get from the records at Thomaston, Upson County, Ga., Zebulon, Pike County, Ga., and Lexington, Oglethorpe County, Ga.

With my most sincere regards, I beg to remain

Yours very truly,

J.C. Collier.
